

Gastro-entérologie et cardiologie  
pédiatrique pour le clinicien  
Pediatric Gastroenterology &  
Cardiology for the Clinician

**30 MAI 2025**  
*en personne*

**MAY 30, 2025**  
*in person*

**Early-bird rates  
until April 15!**

**Join us on May 30, 2025**, for a one-day conference focusing on the latest updates in pediatric gastroenterology and cardiology. This in person event is designed for pediatricians, family physicians, residents, fellows, nurses, nurse practitioners, and allied health professionals seeking an **engaging and interactive learning experience**. If you prefer small-group learning with opportunities to ask YOUR questions, this conference is tailored for you!

**Gastroenterology Topics:** Chronic Abdominal Pain, Failure to Thrive, Celiac Disease Updates,  
“Ask the Gastroenterologists” Interactive Discussions

**Cardiology Topics:** Murmurs, Chest Pain, Silent Pediatric Heart Disease,  
“Ask the Cardiologists” Interactive Discussions

**Register by April 15 to save with the early-bird offer!**
